

Congratulations on your purchase of your :

FUTURETRONICS ULTIMATE RACING WHEEL

Instructions for use with PS3 F1 2010

Due to the default settings within the ***PS3 F1 2010*** software, some manual re-assigning of buttons will need to be performed to utilise your ***FUTURETRONICS ULTIMATE RACING WHEEL*** as designed

To re-assign buttons on your wheel, please follow the simple instructions below:

- 1/ Access the Options menu by pressing the 'Start' button on the wheel.
Then choose Options>Driving Controls>Edit Setup
- 2/ Using the directional pad to move up & down, highlight the function you wish to re-assign and press 'X' and 'waiting' will appear. Whilst 'waiting' is showing, perform the appropriate controller action (e.g.: press the accelerator) and it will appear in the place of the 'waiting'.
- 3/ Repeat the above steps for all actions you want to set up.
- 4/ When you finish re-assignng the various buttons, exit the set up area by pressing the 'O' button to return to the game.
- 5/ Your profile should be saved and you can now enjoy your Ultimate Racing Wheel to it's potential.
